# 2014 Open Accelerator Wrap-up – Participants Share Their Experience

Press Release

With our 2014 program at it’s end, we would like to thank everyone who attended our open accelerator workshops, seminars, and networking events during our 12-week program. In an effort to reach out to the local entrepreneurial community, we opened up our 2014 accelerator program workshops to local entrepreneurs. These workshops featured LaunchOklahoma mentors, sponsors, and leading, local professionals presenting on a range of business topics for startup companies.
